Introduction

*"Why, man, he doth bestride the narrow world
Like a Colussus; and we petty men
Walk under his huge legs, and peep about
To find ourselves dishonorable graves.
Men at some time are masters of their fates:
The fault, dear Brutus, is not in our stars,
But in ourselves, that we are underlings."
Julius Caesar (1599) act 1, scene 2 Shakespeare*

The subject of Fate or Destiny has triggered many a philosophical argument. What is destiny? Are the details of our lives pre-destined? How much free will do we really have? These are imponderable questions. This report does not offer the answers. Rather it gives us some signposts to help us on our life journey.

When meteorologists forecast the weather we understand that they are not telling us how to live our lives. Rather they are giving us information that may help us make our own decisions. As far as the weather is concerned our major decisions are whether or not to dress warmly or to take an umbrella. The astrological system of Transits is offering us much the same information. It is giving us an indication of the emotional and intellectual weather of our lives. It is up to us to decide our own destiny.

When using this set of interpretations, please bear in mind that, inevitably, every chart will contain some contradictory influences, and as a result certain interpretations of different items in the same chart may seem difficult to reconcile. However, this may still be an accurate reflection of what is happening to the individual whose transits are being interpreted, as people do experience conflicting desires, events and circumstances in their lives. It is the responsibility of the astrologer to synthesise these apparent contradictions in order to present a cohesive and realistic interpretation of the dilemmas of the chart.

Background Planetary Placements

Each entry in this list relates to an astrological placement that affects the natal chart of this individual for a period of time. The entries are sorted by planet, and by the date on which each period starts. Note that some planets are slow moving, and may remain in the same placement for the entire duration of the report, whereas other faster moving planets may move into different houses or signs a number of times during the period of the report.

TRANSITING SATURN IN THE 2ND HOUSE - "The planet Saturn rules all that is durable, long-lasting, hardened and able to be structured like lead or concrete; industries like building or agriculture and businesses that have long range goals, are traditional and well-established." So says renowned astrologer Brian Clark. Therefore Saturn is likely to force you to slow down and

restructure any area that it influences in your Birth Chart. You are required to seriously assess the value of the life areas influenced by this serious planet. When this planet of consequence moves into the 2nd House of your Birth Chart money matters are highlighted. Financial restrictions can be in force during this period, particularly if you have made irresponsible decisions in connection with your finances in the past. You may feel that your resources are stretched to the limit, and this could in turn affect your self-esteem. On a more positive note you have the ability during this time to work hard and build up your personal resources. It is also possible that you are reaping the financial rewards of previous hard work, diligence and sound financial planning. Either way it is an ideal time to get your personal money matters in order.

TRANSITING URANUS IN THE 5TH HOUSE - Uranus is a planet that is full of surprises. It takes approximately 84 years to do a full circle around the Zodiac. This means that it moves slowly through each Zodiac Sign and its effects on your Birth Chart takes time to unfold. It is important to note that this erratic planet can affect your life in a variety of ways depending on how you cope with change. If you try to resist change then you may find this planet's effects somewhat of a challenge. If you welcome liberation then you are in for a joyride. The planet Uranus helps you break free from past chains and restrictions and form new and more joyful ways of interacting in your life. Your life may be disrupted but you are then free from thinking inside the box, and new horizons open up. The area of your Birth Chart influenced by this liberating force is likely to be awakened and stimulated. As Uranus moves through the 5th House of your Birth Chart you have the ability to undertake original and creative schemes. You may start eccentric or unconventional hobbies or creative pursuits. There may be the sudden arrival of children in your life. This is your time to let go of the past and birth something new in your life. Joyful pursuits are yours for the taking.

TRANSITING NEPTUNE IN THE 2ND HOUSE - The planet Neptune takes approximately 164 years to circle the Zodiac. This slow-moving planet's transits unfold slowly. It is therefore more significant to look at any exact transits that are occurring in your Birth Chart. Nevertheless it can be helpful to try to understand the effect of Neptune as it enters into and transits through a House in your Birth Chart. Neptune is the planet that urges us to search for meaning in our lives, to look beyond the structures and focus on purpose. For instance are you pursuing a career because of ambition and material rewards or is it your true purpose and fully satisfying? Therefore it is not uncommon for the initial effects of Neptune to be confusion and disillusion, perhaps even a sense of loss. Gradually awareness emerges and you are able to see what is underlying the illusions and what you can gain by changing your course and embracing values that truly enhance your journey in life. Neptune helps you see the truth of any situation and therefore live your own truth. As Neptune moves through the 2nd House of your Birth Chart finances can be a source of confusion during this period. Perhaps you are unsure of your income and therefore are having difficulty planning. You may feel

unsure of yourself, lacking your usual self-confidence and self-esteem. Gradually you are able to sort out your finances and have a more balanced approach. You may decide to earn your money in a way that is of service to other people, or perhaps you decide to donate a portion of your income to a cause close to your heart. You may also earn your money through alternative practices.

This may result in an increased interest in the arts or in the spiritual world. You may have some difficulty thinking in a logical fashion, and would be wise to avoid signing contracts and making business decisions. Communications also could be a little confusing. TRANSITING PLUTO IN THE 1ST HOUSE - Pluto is the slowest moving planet in the Solar System, taking approximately 248 years to complete a circle around the Zodiac. This slow-moving planet's transits are long-lasting and initially pack a punch if you are not living according to your true natures. The more you are your authentic self, the more that you can embrace the positive side of Pluto. The author of the website Café Astrology puts it best when stating: "Pluto compels us to explore more deeply. Superficiality is not acceptable for Pluto. Pluto transits insist that we get in touch with our core purpose and our deep sense of power. New levels of intimacy, not only with others but also with ourselves, are discovered and uncovered." As Pluto travels through your 1st House this is a time of personal transformation. You now have the opportunity to completely change your image and yourself at a deep level. In fact circumstances may force you to change whether you want to or not. An intense experience or person may be part of your life during this time. You would be wise to avoid anyone or anything underhand, as an intense creative project is a better tool for transformation than subterfuge. You may find yourself surrounded by crisis and drama. The key is to remain as detached and calm as possible, while embracing the most positive elements of change in your life.

Transiting Events

Each entry in this list relates to an astrological event that affects the natal chart for this individual. The entries are sorted by the exact date on which each event occurs, and the period of time around this date during which the events are considered to be in effect is shown in parentheses on the same line. Note that due to occasional retrograde motion of some planets, some events may be exact on two or more dates, and in this case all such dates are listed on the same line. Any events which are not exact within the report period, but whose period of effectiveness overlaps with the report period are also included.

TRANSITING URANUS SESQUISQUARE RADIX MARS - Your progress towards achieving your ambitions is being hindered during this transit and at times you can feel infuriated. You may have your sights set on a completely new path, but have to fulfil old obligations before proceeding. It could be that something or someone is standing in your way. You need to try to find new and innovative ways of dealing with the problems. This way you will eventually achieve your goals, even if you have had to readjust them a little.

TRANSITING URANUS QUINCUNX RADIX PLUTO - Times are changing and it is difficult to adjust. This could be literally a sudden change of events, or it could be that you have unexpectedly realised that a chain of events has led to changes deep within yourself. Perhaps you are being asked to let go in certain areas in your life or possibly you are being challenged to let go of old patterns of behaviour. Either way there is no going back. Success comes in embracing change, going with the flow and accepting that change can be positive.

2 Apr 2025 (6 Mar 2025 to 1 May 2025)

TRANSITING NEPTUNE SQUARE RADIX SUN - This can be a time of confusion when you feel that you are treading water and going nowhere fast. Your problems seem overwhelming and you are unsure of how to even begin to tackle them. You lack confidence and, if given the chance, would like to escape from your responsibilities. You would do well to slow down and rest when everything gets on top of you, and avoid making any decisions that have long-lasting ramifications. Currently you are changing in subtle ways. When this transit has past you will realise that you have gained more of a balance between your need for achievement and purpose, and your need for spiritual values. In the meantime you may benefit from activities involving healing, the arts and the ocean.

11 Apr 2025 (20 Mar 2025 to 30 Apr 2025)

TRANSITING URANUS CONJUNCTION RADIX CHIRON - Sensitivity is a key element during this time as all of your senses are heightened. This can be exciting as you feel charged with an electric life force ready to explore new territories sure in the knowledge that you have many gifts to share with the world. You feel alive and sensitive to both your own and other people's needs. However, this can also be a painful time, particularly if you have a lot of fear which causes you to hesitate and remain stuck in old patterns. If this is the case then you would do well to use this time to explore past experiences which have sparked fear and distrust. Once these are healed you will see life in a new light and will be ready to express your full potential in the world.

As a result you may be forced to take a deep look at yourself and those around you. You feel as though you are stepping into unknown territory, and this can be frightening. You shoulder your responsibilities while at the same time making the most of new opportunities to expand your world. You feel confident in many areas of your life, as you use your good judgement to make decisions that have the potential for long-term success. It is a time when you can tap into your own wisdom. Business dealings may prosper. The only drawback could be that you take this time for granted and let opportunities slip through your fingers. In other words "wise and considered action" is what is needed.

TRANSITING URANUS CONJUNCTION RADIX VENUS - Expect the unexpected in your finances and love life! Relationships are completely unpredictable at this point in time. This can be a positive experience, particularly if you have been seeking a little romance to spark up your love life. If you are married, then you are likely to be seeking more excitement and stimulation in your marital relations. If your relationship has been in a rut then you are eager to find innovative and fun ways in which to add a little sparkle. You may enjoy taking part in a creative project with your spouse, or perhaps simply starting a new hobby together. If your partner resists your sudden need for change, then you are likely to feel restless. Hopefully your spouse is happy to accommodate your need for stimulation; otherwise your marriage could be a little rocky at this point in time. You need to carefully consider the consequences of your actions should you feel the urge to seek new romance. You would do better to find a creative outlet for your surge of enthusiasm. If you are single, then a new love could arrive unexpectedly. You may not be ready for commitment, but you are certainly keen to explore a new and stimulating relationship. You can really enjoy the sense of freedom that can come from the changes in your love life. You want fun, spontaneity and intellectual stimulation from your partners and are likely to get it. You may also experience sudden increases or decreases in your personal finances. You need to be careful before speculating, making sure that you seek professional advice.

TRANSITING SATURN SQUARE RADIX NEPTUNE - This is a time of confusion, lethargy and possibly depression. It is as if everything has taken on a dull sheen. Everyday tasks take on mountainous proportions and you are often tired. Perhaps you need a good holiday? If possible, you could really benefit from some time in natural surroundings such as by the ocean, or in the countryside. It is also the ideal time to treat yourself to some time listening to soothing music or attending inspirational concerts, theatre, dance, opera or film. In fact you may also enjoy taking up a creative pursuit. Rather than force yourself to shoulder too many responsibilities, take some time to contemplate your life in a gentle, reflective light. This is a good time to replenish your dwindling energy. If you take the time to soothe your troubled soul now, then you will be feeling refreshed and ready for the next phase of your life.

This may not be intentional, and if you are not careful you find yourself locked in a power struggle in which you are fighting for supremacy. It is important that you act with integrity, otherwise the result could be devastating. It is possible that you and others are not conscious of the real issues. Outwardly your life may go on as if nothing has happened, but deep within your psyche changes are occurring which seem almost too overwhelming. It is as if a volcano is erupting deep within you with somewhat frightening effects. It is best to consider carefully before taking any action that may result in regret.

26 May 2025 (14 May 2025 to 11 Jun 2025)

TRANSITING SATURN SQUARE RADIX SUN - Right now you are entering a challenging phase of your life, but one that is very rewarding if you can exercise persistence, attention to detail and hard work. You may be given the chance to start a new and challenging project right now. You have the ability to rise to the challenge and successfully complete your task. Your success increases your standing in the community, boosts your self-esteem and opens up new windows of opportunity. In some ways you feel that you are undergoing an endurance test as you strive to work towards your goals. It is easy to forget your strengths under this transit, but patience and endurance pay off in the long run. If you try to avoid the extra responsibility then the opposite is true. You fail in the eyes of other people and therefore your self-esteem suffers and opportunities to advance your own goals diminish. It is time to shoulder your responsibilities and "put your house in order". Right now you can make the most of this period by analyzing your priorities and readjusting your schedules and goals accordingly. It may be that you will be forced to give up some of the less useful activities and plans in your life, but this will simply create the time and space for new, more rewarding, forms of self expression.

TRANSITING JUPITER OPPOSITION RADIX NEPTUNE - This transit can have the effect of making you feel that you are caught in one of life's mazes. Whatever exciting direction you wish to explore there seems to be no clear path, and yet there is a strong urge to continue exploring. In some cases you may feel that someone else or an external event is confusing matters. However, you are idealistic and have unrealistic expectations and would be wise not to accuse others just yet. It may be that someone is deceiving you, but now is not the time to take action. Bide your time and all will become clear. It would also be best to avoid making long-term decisions right now as your own judgement may be clouded. Rather remain as down-to-earth as possible while pushing for spiritual growth.

29 May 2025 (25 May 2025 to 3 Jun 2025)

TRANSITING JUPITER OPPOSITION RADIX ASCENDANT - The joy of being in relationship with other people is likely to surface during this stage of your life. You enjoy socialising with your loved ones, perhaps spending time delighting in their interests rather than your own. Even if you are introverted you are likely to want to spend more time with someone intimate. If you are married, then your love is bound to grow and flourish right now. You enjoy intimacy with your spouse and, in turn, your loved one responds positively. If you are not married then you may meet someone who has a beneficial effect. You may even decide to get engaged or married during this period. Gifts and appreciation flow in your most intimate relationship. Any potential business partnerships also support your goals right now. You are likely to strike up a mutually beneficial contract. Just make sure that you are not too ambitious in your goals. Sometimes this transit can highlight the problems, which exist in your relationship. These difficulties may be blown out of proportion and you would be wise not to make any hasty decisions. It is more likely that you experience a real sense of well being and happiness in your marriage, potential marriage or business partnership. So make the most of this positive phase and let those you love know how important they are to you.

breakthroughs are imminent. This is also an ideal time to explore new avenues of interest, to take up those opportunities to delve into exciting new activities. Metaphysics, science and the world of computers may all appeal.

10 Jun 2025 (5 Jun 2025 to 14 Jun 2025)

TRANSITING JUPITER CONJUNCTION RADIX SUN - This is a time of optimism and self-confidence. Currently you have the ability to achieve your goals through your own efforts and with the support of benefactors. Your self-assurance is at an all-time high and you feel that you can take on the world. You can see that your goals are within reach, and with good fortune success comes easily now. You are also more benevolent than usual, happy to share your good fortune with others. Abundance and prosperity are key words for this period. Your opportunities to spread your wings can come in a variety of ways. Perhaps you have always wanted to travel around the world or study at an academic institution. Now is your chance. On the other hand you may have dreamed of getting some creative work published or staged. The time is ripe to contact those in a position of authority. You may also be drawn to religion during this phase, questioning your philosophy and looking for answers. Your good nature is likely to be attractive to other people and you may receive recognition and appreciation. This is a time to expand your world rather than sit at home and let the world pass by. However, you also need to be wary of being grandiose. It is important that you show restraint in your pursuit of happiness. This also applies to your body. Ensure that your diet is healthy and that you are exercising regularly so that your girth does not expand. Remember that moderation and balance are also important and you easily attract the co-operation of important people.

12 Jun 2025 (7 Jun 2025 to 16 Jun 2025)

TRANSITING JUPITER TRINE RADIX JUPITER - Lucky in love and life can be the catchphrase for this transit. Although it is not as powerful as some other Jupiter transits, it is a time of optimism and good fortune. Do not pass up opportunities, but use your discrimination regarding the opportunities that come your way. You may find that the opportunities that arise are connected with travel, study, and anything that expands your horizons.

TRANSITING JUPITER QUINCUNX RADIX URANUS - It is out with the old and in with the new during this transit. You are letting go of goals and personal visions in order to take a new path. 30 Jul 2025 (13 Jun 2025 to 23 Sep 2025)

TRANSITING PLUTO SQUARE RADIX MIDHEAVEN - It's time to make some changes to your objectives and these are most likely to affect the direction of your life. You may be facing big decisions such as a change of career, marriage or parenthood. On the other hand you may simply want to adjust your profession slightly, searching for a new job rather than a whole new career. This transformation may not be smooth. Perhaps you are clashing with important people in your life such as your spouse, your boss or an influential colleague. You have a good idea of where you want to be in your chosen profession, but may unwittingly be pushing too hard to get there too quickly. It is also possible that you are on the right track but that someone else seems to be opposing every move you make. Perhaps they are threatened by the changes that are taking place. It is tempting to push even harder to achieve your ambitions, but this will only worsen the situation. It is better to approach potentially volatile situations as calmly as possible believing in your ability to find a final resolution. Diplomacy is the key to this phase. You currently have the ability to see the truth in most areas of your life, but others may not share this talent. Therefore you need to learn how to diplomatically move forward without feeling insecure or threatening others. As a result the direction of your life takes on a new meaning and purpose.

TRANSITING CHIRON TRINE RADIX ASCENDANT - This is a time of rejuvenation and

regeneration, when you have the opportunity to release troubling aspects of your life and walk a new path. This could literally mean healing a physical wound or, more metaphorically, mending broken bridges. You now have the chance to forgive and forget, and to focus on your own talents and gifts. Your dreams may play an important role in helping you understanding the changes that are taking place right now. You may also benefit from talking to a sympathetic and understanding friend. Your own listening skills are improving and friends enjoy confiding in you right now. They appreciate the wisdom that you are gaining through your life experiences and self-understanding. You may take up a teaching or counselling role during this phase, however; you are more likely to use this time to gain greater understanding of human nature and your own talents.

19 Jul 2025 and 26 Oct 2025 (26 Jun 2025 to 20 Nov 2025)

TRANSITING URANUS QUINCUNX RADIX JUPITER - Life can take a sudden and unexpected twist in which you are challenged to move forward without looking back. While the new possibilities hold a certain amount of excitement, you may be disturbed by the rapid change of circumstances. However it is not time to tread the more comfortable road. You benefit more by embracing change.

TRANSITING URANUS SESQUISQUARE RADIX SATURN - This is a tense and unstable time when your safe world ceases to feel as safe. No matter how hard you try to get life on a firmer footing, there will be disruptions. You would be better to remain as flexible and positive as possible, otherwise your confidence will be severely tested. This is easier said than done during this transit, so do not fret if you feel a little shaky. It will pass and you will eventually appreciate the new turn of events.

TRANSITING JUPITER CONJUNCTION RADIX MOON - This is a feel-good transit. In other words you feel good about yourself, your life and your loved ones. As a result you are particularly warm and loving. Your contentment is obvious to your loved ones, and they want to spend time with you. Right now you know how to have a good time, and indulge yourself. The only concern is the tendency to go to extremes. You need to be wary of over-indulgence in all things. The temptation is to express your feelings and indulge yourself with no restraint or consideration for others. However, if you can keep a balanced outlook then you and your loved ones benefit from your generous and optimistic outlook. It is also possible that you use this time to make your life, in particular, your home more comfortable. This could simply be purchasing more comfortable furniture and furnishings, or you may make plans to move to a home more suited to your current needs. Your family life may expand in some way. Perhaps a family member will come to stay or perhaps you will give birth to a

child. Either way you are likely to welcome these changes. This is a positive move, as long as you take everyone's needs into consideration.

20 Jul 2025 (15 Jul 2025 to 25 Jul 2025)

TRANSITING JUPITER SQUARE RADIX MARS - You have plenty of drive and energy right now. This can be directed in to personal or work projects or perhaps a sport. You are keen to take the initiative and move ahead with your plans. Perhaps you have been planning to travel abroad or to study martial arts? On the other hand you may have been waiting for the go ahead on a special project or for a promotion at work. Now you receive the good news and are able to step into action. You are clear that you are heading in the right direction and feel confident of success. And it's true. You do have the drive and good fortune to achieve success during this stage. This is an excellent time to spend plenty of time and energy on your favourite project, with an assurance of reaping what you have sown. You may also enjoy channelling some of your energy into your favourite sporting activities. However, during this phase you are in danger of going over the top in your efforts to achieve your personal goals. You may jeopardise your success through impatience with yourself and others, thus alienating those who are in a position to support your goals. Perhaps you are having difficulty seeing things in perspective and fail to listen to those closest to you when they say that you are being a little rash and stubborn. You feel that you have put so much time and energy into certain areas of your life, and now others are threatening your success with their unnecessary pessimism. This may or may not be true. It is possible that others are threatened by your success; but it also may be that you need to slow down a little and exercise some restraint. The lesson is all things in moderation. You can achieve success during this stage, as long as you maintain your diplomatic skills.

6 Sep 2025 (19 Jul 2025 to 26 Oct 2025)

TRANSITING URANUS OPPOSITION RADIX URANUS - This is one of the most important times in your life. It is the astrological equivalent of the mid-life crisis, and occurs around the age of 40-42. It is a time when you start to feel restless and question your life. If you are the sort of person who has always been in charge of your own destiny, then you are likely to handle this transit with aplomb, making the necessary changes to enliven your life. You might reflect on your past achievements with a feeling of satisfaction, before moving on to different or fresher pastures. However, if you have lived your life trying to please other people rather than follow your own instincts, then it is likely that you will experience this transit as quite disturbing. You want to break out from restrictions and may act in ways that are quite out of character. You are likely to startle other people, and may even surprise yourself. Basically this is a time of readjustment when you start to incorporate more spiritual values and when you orient your life towards your own inner feelings. The transition can be quite bumpy, as in some cases crises can occur as a result of the tension of this period. However, if you refuse to make the necessary changes in your life you may find that life becomes rather meaningless. On the other hand you must be careful not to throw out the baby with the bathwater as you seek new avenues for yourself. A balanced approach is required incorporating positive changes in your life in a considerate manner. This way you will benefit from the changes and feel liberated.

TRANSITING SATURN SQUARE RADIX SUN - Right now you are entering a challenging phase of your life, but one that is very rewarding if you can exercise persistence, attention to detail and hard work. You may be given the chance to start a new and challenging project right now. You have the ability to rise to the challenge and successfully complete your task. Your success increases your standing in the community, boosts your self-esteem and opens up new windows of opportunity. In some ways you feel that you are undergoing an endurance test as you strive to work towards your goals. It is easy to forget your strengths under this transit, but patience and endurance pay off in the long run. If you try to avoid the extra responsibility then the opposite is true. You fail in the eyes of other people and therefore your self-esteem suffers and opportunities to advance your own goals diminish. It is time to shoulder your responsibilities and "put your house in order". Right now you can make the most of this period by analyzing your priorities and readjusting your schedules and goals accordingly. It may be that you will be forced to give up some of the less useful activities and plans in your life, but this will simply create the time and space for new, more rewarding, forms of self expression.

TRANSITING PLUTO SQUARE RADIX MIDHEAVEN - It's time to make some changes to your objectives and these are most likely to affect the direction of your life. You may be facing big decisions such as a change of career, marriage or parenthood. On the other hand you may simply want to adjust your profession slightly, searching for a new job rather than a whole new career. This transformation may not be smooth. Perhaps you are clashing with important people in your life such as your spouse, your boss or an influential colleague. You have a good idea of where you want to be in your chosen profession, but may unwittingly be pushing too hard to get there too quickly. It is also possible that you are on the right track but that someone else seems to be opposing every move you make. Perhaps they are threatened by the changes that are taking place. It is tempting to push even harder to achieve your ambitions, but this will only worsen the situation. It is better to approach potentially volatile situations as calmly as possible believing in your ability to find a final resolution. Diplomacy is the key to this phase. You currently have the ability to see the truth in most areas of your life, but others may not share this talent. Therefore you need to learn how to diplomatically move forward without feeling insecure or threatening others. As a result the direction of your life takes on a new meaning and purpose.

TRANSITING PLUTO QUINCUNX RADIX MOON - This is an emotional period during which you need to let go of events or memories that have been upsetting you. Emotions may be strong as current events trigger memories or prove hurtful. You may need to make adjustments in your home life and emotional life but the most important factor is that you need to examine your feelings truthfully. Sometimes feelings from the past negatively affect events in the present day. Are they still relevant? Have you held on to grudges and it is time to let go? Are you seeing things clearly or have they become muddled by misunderstandings? It is important you face the truth of your own feelings, not other people's and then move on. As a result this could be a time when you have to adjust the manner in which you communicate with loved ones, in particular a woman (or women) who play a powerful emotional role in your life. You may be required to move from your current home, although you could adjust your home environment so that it is more conducive to your own emotional needs. Whatever the circumstances you are being asked to be more emotionally honest with yourself and in close relationships. You need to trust your intuition so that you let go of the past and move in a positive manner. Clear communication and truth prove cleansing.
